## Objective

A bright, talented, ambitious and self-motivated Graphic/Website & UI/UX designer with a strong technical background, who possesses self-discipline and the ability to work with the minimum of supervision, is able to play a key role throughout a product development to ensure maximum accessibility, customer experience and usability. A good team player, who thrives on creating engaging creative solutions, is deadline orientated and has the ability to produce detailed technical specifications from client requirements.

A quick learner, who can absorb new ideas, can communicate clearly and effectively. Currently looking for an opportunity to join a dynamic, ambitious, growing company and forge a career as a first class product designer.

## Summary

- Presently working at woobly as a product designer from last 3 years and 3 months. Building final Brand Guidelines, Design of waiterLITE for mass production, Design of woobly website and actionCENTER. I started from scratch and helped woobly to get the Product Market Fit.
- I worked as a freelancer graphic and web designer on Fiverr ([www.fiverr.com](http://www.fiverr.com)). I have completed 400+ projects and have 150+ happy clients. My work rating is 4.9/5 stars.
- Worked in Sunglow IT as a UI/UX designer for web and mobile apps related to Cryptocurrencies, Forex, Money Transfer etc.
- Worked in Cube Digital Pvt. Ltd. as a Graphic, UI/UX and Web Designer for the development and implementation of B2B web based applications. I have worked on designing/developing various products related to Healthcare, Dietcare, QMS, KIOSK displays and CRM applications for hospitals.
- Strong knowledge & Expertise in Designing layouts for Mobile Sites and Applications.
- Hands on experience in Twitter Bootstrap for Mobile Web based applications.
